Service Definition with all Clinical Terms

Service: Shoulder Clinic - Orthopaedics - Circle Bath - NV302

Section 1 - Service Details

Service ID: 5293070
Service Comments:
Created by GW 26/07/2010
Amended by PM 20/10/2010
Referrer Alert: -
Service Location: CIRCLE BATH
Specialty: Orthopaedics
Appointment Type: First outpatient
Gender Treated: Male and Female
Directly Bookable: Yes
Service Transition Date: -
Service Effective Date Range: 26/07/2010 to -
Age Range Treated: 18 years and over
Request Types Supported
  Appointment Request: Yes
  Advice Request: No
  Diagnostic Request: No
Publish: Yes
Available on Secondary Care Menu: Yes

Section 2 - Clinic Types

Shoulder and Elbow

Section 3 - Clinical Terms

Terms that are in bold have one or more child terms that have a different included/excluded status from the parent term displayed. An asterisk indicates a term that is displayed more than once in this section.

Clinical Findings:

✓ Absence of upper limb
  ✓ Absence of bone in arm
    X Congenital absence of ulna*
    X Absence of hand
    X Congenital absence of hand*
      X Congenital absence of finger*
    X Absence of upper arm
    X Congenital absence of part of upper arm*
  X Congenital absence of upper limb
  X Congenital absence of hand*
    X Congenital absence of finger*
  X Congenital absence of part of upper limb
  X Amelia of upper limb
  X Congenital absence of part of upper arm*
  X Congenital absence of ulna*
  X Poland anomaly
  X Traumatic amputation of arm*

✓ Acquired deformed of clavicle

✓ Acute infection of bone
  X Acute osteomyelitis
  X Acute osteomyelitis of the ankle and/or foot
  X Acute osteomyelitis of the lower leg
  X Acute osteomyelitis of the pelvic region and/or thigh
  X Acute osteomyelitis of femur
  X Acute osteomyelitis-cervical spine
  X Acute osteomyelitis-lumbar spine
  X Acute osteomyelitis-thoracic spine

✓ Amputated at shoulder
Amputated below elbow
Amputated through elbow
Arthropathy of elbow
Acquired cubitus valgus
Acquired cubitus varus
Arthritis of elbow
Epicondylitis
Lateral epicondylitis
Medial epicondylitis
X Infective arthritis of elbow
Bacterial arthritis of elbow
Elbow pyogenic arthritis
Rheumatoid arthritis of elbow
Synovitis of elbow
Complete tear, elbow joint
Complete tear, elbow joint, lateral collateral ligament
Congenital cubitus valgus
Contracture of elbow joint
Dislocation of elbow joint*
Dislocation of elbow*
Dislocation of radial head*
Congenital dislocation of radial head*
Dislocation or subluxation of elbow*
Fracture dislocation of elbow joint*
Recurrent dislocation of elbow*
X Recurrent dislocation of superior radioulnar joint*
X Recurrent subluxation of superior radioulnar joint*
X Recurrent subluxation of radial head*
X Recurrent subluxation of elbow*
X Recurrent subluxation of superior radioulnar joint*
X Recurrent subluxation of radial head*
Subluxation of elbow joint*
X Subluxation of elbow joint*
X Subluxation of radial head*
X Fracture of coronoid process of ulna*
X Fracture of olecranon*
X Fracture of radial head*
Elbow joint effusion
Haemarthrosis of elbow
Juvenile osteochondrosis of radial head
Loose body in elbow joint
Osteoarthritis of elbow
Sprain of elbow and forearm*
Sprain of ligament of elbow*
X Radiohumeral sprain*
Sprain, elbow joint, lateral collateral ligament*
Sprain, elbow joint, medial collateral ligament*
Beat elbow
Brachial plexus disorder
X Axillary nerve lesion
X Injury of axillary nerve*
Brachial (cervical) neuritis
Brachial neuritis
X Median nerve neuritis*
X Ulnar neuritis*
X Brachial plexus displacement
Compression of brachial plexus
X Carpal tunnel syndrome*
X Median nerve compression in forearm*
X Radial nerve compression*
X Acute radial nerve palsy*
Injury of brachial plexus*
Injury of axillary nerve*
Injury of median nerve*
Injury of musculocutaneous nerve*
Injury of ulnar nerve*
Injury of ulnar nerve at upper arm level*
Injury of ulnar nerve at wrist and hand level
Open injury, ulnar nerve
X Injury to brachial plexus as birth trauma
X Brachial plexus palsy due to birth trauma
✓ Long thoracic nerve injury
✓ Suprascapular nerve injury
✓ Long thoracic nerve lesion
✓ Long thoracic nerve injury
✓ Lower brachial plexus neuropathy
✓ Klumpke-Déjerine paralysis
X Median neuropathy
X Carpal tunnel syndrome
✓ Injury of median nerve
✓ Median nerve compression in forearm
X Median nerve entrapment
✓ Median nerve neuritis
✓ Musculocutaneous nerve lesion
✓ Injury of musculocutaneous nerve
X Radial neuropathy
X Radial nerve compression
✓ Acute radial nerve palsy
X Ulnar neuropathy
✓ Injury of ulnar nerve
✓ Injury of ulnar nerve at upper arm level
✓ Injury of ulnar nerve at wrist and hand level
✓ Open injury, ulnar nerve
✓ Ulnar nerve entrapment
✓ Ulnar neuritis
✓ Ulnar nerve compression
✓ Lower brachial plexus neuropathy
✓ Erb-Duchenne paralysis
✓ Congenital anomaly of scapula
✓ Congenital elevation of scapula
✓ Disorder of bursa of shoulder region
✓ Bursitis of shoulder
✓ Subacromial bursitis
✓ Subdeltoid bursitis
✓ Disorder of joint of shoulder region
X Arthritis of shoulder region joint
✓ Adhesive capsulitis of shoulder
✓ Rheumatoid arthritis of shoulder
✓ Shoulder synovitis
✓ Contracture of joint of shoulder region
✓ Degenerative joint disease of shoulder region
✓ Dislocation of acromioclavicular joint
X Fracture dislocation of acromioclavicular joint
✓ Subluxation of acromioclavicular joint
✓ Non-traumatic subluxation of acromioclavicular joint
✓ Dislocation of shoulder region
✓ Disorder of glenohumeral joint
✓ Adhesive capsulitis of shoulder
✓ Avascular necrosis of the head of humerus
✓ Complete tear, coracoclavicular ligament
✓ Complete tear, shoulder joint
✓ Coracohumeral sprain
✓ Coracoid impingement
✓ Dislocation of shoulder joint
✓ Anterior dislocation of shoulder joint
✓ Recurrent anterior dislocation of shoulder
✓ Recurrent subluxation of shoulder - anterior
✓ Dislocation or subluxation of shoulder
✓ Fracture dislocation of shoulder joint
✓ Fracture dislocation or subluxation of shoulder
✓ Pathological dislocation of the shoulder joint
✓ Posterior dislocation of shoulder joint
✓ Recurrent dislocation of shoulder - inferior
✓ Recurrent subluxation of shoulder - inferior
✓ Recurrent dislocation of shoulder - multidirectional
✓ Recurrent subluxation of shoulder - multidirectional
✓ Recurrent dislocation of shoulder - posterior
✓ Recurrent subluxation of shoulder - posterior
✓ Subluxation of shoulder joint
Recurrent subluxation of shoulder joint
- Habitual subluxation of the shoulder
- Recurrent subluxation of shoulder - anterior
- Recurrent subluxation of shoulder - inferior
- Recurrent subluxation of shoulder - multidirectional
- Recurrent subluxation of shoulder - posterior

Fracture of acromial process of scapula

Injury of glenoid labrum of shoulder joint
- Glenoid labrum tear
- Detachment of the glenoid labrum and/or capsule of the shoulder joint
- Reverse Bankart lesion

Neoplasm of acromion
- Primary malignant neoplasm of acromion

Pain due to shoulder joint prosthesis

Rupture of acromioclavicular ligament

Sprain of acromioclavicular ligament

Sprain of shoulder

Sprain of coracohumeral ligament

Sprain, shoulder joint, anterior

Sprain, shoulder joint, posterior

Fracture dislocation of joint of shoulder girdle

Fracture dislocation of shoulder joint

Pathological dislocation of shoulder region

Recurrent dislocation of shoulder region

Recurrent subluxation of shoulder - anterior

Recurrent subluxation of shoulder - inferior

Recurrent subluxation of shoulder - multidirectional

Recurrent dislocation of shoulder - multidirectional

Recurrent subluxation of shoulder - posterior

Recurrent subluxation of shoulder - posterior

Subacromial impingement

Effusion of joint of shoulder region

Fracture dislocation of joint of shoulder girdle

Fracture dislocation of shoulder joint

Haemarthrosis of shoulder region

Pathological dislocation of shoulder region

Pathological dislocation of the shoulder joint

Recurrent dislocation of shoulder region

Recurrent anterior dislocation of shoulder

Recurrent subluxation of shoulder - anterior

Recurrent dislocation of shoulder - inferior

Recurrent subluxation of shoulder - inferior

Recurrent dislocation of shoulder - multidirectional

Recurrent subluxation of shoulder - multidirectional

Recurrent subluxation of shoulder - posterior

Recurrent subluxation of shoulder - posterior

Habitual subluxation of the shoulder

Recurrent subluxation of shoulder - anterior

Recurrent subluxation of shoulder - inferior

Recurrent dislocation of shoulder - multidirectional

Recurrent subluxation of shoulder - posterior

Recurrent subluxation of shoulder - posterior

Temporary arthropathy of the shoulder region

Traumatic arthropathy of acromioclavicular joint

Disorder of rotator cuff

Full thickness rotator cuff tear

Injury of tendon of the rotator cuff of shoulder

Painful arc syndrome

Rotator cuff syndrome

Partial thickness rotator cuff tear

Supraspinatus syndrome

Rupture of infraspinatus tendon

Rupture subscapularis tendon

Strain of rotator cuff capsule

Strain of infraspinatus tendon

Strain of subscapularis tendon

Strain of supraspinatus tendon

Supraspinatus tendinitis

Supraspinatus tear

Disorder of soft tissue of upper limb

Disorder of skin of upper limb

Enteroviral vesicular stomatitis with exanthem
X Hand wart
X Infection of skin of finger
X Sclerodactyly
X Neoplasm of soft tissues of upper limb
  X Malignant tumour of soft tissue of upper limb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Malignant tumour of soft tissue of shoulder*
    X Primary malignant neoplasm of soft tissues of upper limb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Malignant tumour of soft tissue of axilla*
    X Malignant neoplasm of connective and soft tissue of upper limb and shoulder
    X Malignant tumour of soft tissue of shoulder*
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of thumb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of fore-arm
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of hand
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of upper limb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of shoulder
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of thumb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of upper limb and shoulder
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of fore-arm
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of hand
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of upper limb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of shoulder
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of thumb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of upper limb and shoulder
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of fore-arm
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of hand
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of upper limb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of shoulder
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of thumb
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of upper limb and shoulder
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of fore-arm
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*
  X Malignant neoplasm of connective and soft tissue of hand
    X Primary malignant neoplasm of soft tissues of axilla*
    X Neoplasm of soft tissues of axilla*
    X Malignant neoplasm of connective and soft tissue of axilla*
    X Primary malignant neoplasm of soft tissues of axilla*

Disorder of tendon of shoulder region
  Calcific tendinitis of shoulder
  Disorder of tendon of biceps
    Biceps tendinitis
    Bicipital tenosynovitis
    Complete division, biceps tendon*
    Complete division, long head of biceps tendon*
    Non-traumatic rupture of biceps brachii tendon
    Partial division, biceps tendon*
    Partial division, long head of biceps tendon*
    Rupture of tendon of biceps*
    Rupture of tendon of biceps, long head
    Sprain, biceps tendon*
    Strain of long head of biceps*
    Traumatic rupture of biceps tendon*
    Injury of tendon of the rotator cuff of shoulder*
    Partial division, triceps tendon*
    Rupture of biceps tendon*
    Partial thickness rotator cuff tear*
    Full thickness rotator cuff tear*
    Elbow joint - range of movement - finding
    Decreased range of elbow movement
    Elbow stiff
  Injury of upper extremity
    Contusion of upper limb
    Dislocation of joint of upper limb
      Dislocation of acromioclavicular joint*
      Fracture dislocation of acromioclavicular joint*
      Subluxation of acromioclavicular joint*
      Non-traumatic subluxation of acromioclavicular joint*
Dislocation of elbow joint*
Dislocation of elbow*
Dislocation of radial head*
Congenital dislocation of radial head*
Dislocation or subluxation of elbow*
Fracture dislocation of elbow joint*
Recurrent dislocation of elbow*
Recurrent dislocation of superior radioulnar joint*
Recurrent subluxation of superior radioulnar joint*
Recurrent subluxation of radial head*
Recurrent dislocation of elbow*
Subluxation of elbow joint*
Recurrent subluxation of elbow*
Recurrent subluxation of superior radioulnar joint*
Recurrent subluxation of radial head*
Subluxation of radial head*
Recurrent subluxation of radial head*
Dislocation of hand joint*
Dislocation of joint of hand*
Dislocation of thumb*
Dislocation or subluxation of finger or thumb*
Dislocation of metacarpophalangeal joint*
Recurrent dislocation of metacarpophalangeal joint*
Dislocation of thumb*
Fracture dislocation of finger or thumb*
Fracture dislocation of thumb*
Recurrent dislocation of interphalangeal joint*
Recurrent subluxation of interphalangeal joint*
Subluxation of finger*
Recurrent subluxation of interphalangeal joint*
Fracture subluxation of joint of hand*
Recurrent dislocation of hand*
Recurrent dislocation of interphalangeal joint*
Recurrent subluxation of interphalangeal joint*
Recurrent dislocation of metacarpophalangeal joint*
Recurrent subluxation of metacarpophalangeal joint*
Dislocation of shoulder joint*
Recurrent anterior dislocation of shoulder*
Recurrent subluxation of shoulder - anterior*
Dislocation or subluxation of shoulder*
Fracture dislocation of shoulder joint*
Fracture dislocation or subluxation of shoulder*
Pathological dislocation of the shoulder joint*
Posterior dislocation of shoulder joint*
Recurrent dislocation of shoulder - inferior*
Recurrent subluxation of shoulder - inferior*
Recurrent dislocation of shoulder - multidirectional*
Recurrent subluxation of shoulder - multidirectional*
Recurrent dislocation of shoulder - posterior*
Recurrent subluxation of shoulder - posterior*
Subluxation of shoulder joint*
Recurrent subluxation of shoulder joint*
Habitual subluxation of the shoulder*
Recurrent subluxation of shoulder - anterior*
Recurrent subluxation of shoulder - inferior*
Recurrent subluxation of shoulder - multidirectional*
Recurrent subluxation of shoulder - posterior*
Dislocation of shoulder region*
Dislocation or subluxation of wrist*
Dislocation of distal radioulnar joint*
Fracture dislocation distal radioulnar joint*
Dislocation of radiocarpal joint*
Barton's fracture*
Dislocation of radius - distal*
Dislocation of wrist*
Fracture dislocation of wrist joint*
Fracture dislocation distal radioulnar joint*
X Fracture dislocation or subluxation of wrist*
X Fracture subluxation of wrist*
X Recurrent dislocation of wrist*
X Recurrent subluxation of wrist*
X Subluxation of wrist joint*
X Fracture subluxation of wrist*
X Recurrent subluxation of wrist*
X Fracture dislocation of shoulder girdle*
✓Fracture dislocation of shoulder joint*
✓Fracture dislocation or subluxation of shoulder*
X Fracture dislocation of joint of upper limb*
X Barton's fracture*
X Fracture dislocation of acromioclavicular joint*
✓Fracture dislocation of elbow joint*
X Fracture dislocation of finger or thumb*
X Fracture dislocation/subluxation finger/thumb*
X Fracture dislocation of thumb*
X Fracture dislocation of wrist joint*
X Fracture dislocation distal radioulnar joint*
X Fracture dislocation or subluxation of wrist*
X Fracture subluxation of wrist*
X Fracture dislocation of joint of upper limb*
X Fracture subluxation of joint of hand*
X Fracture subluxation of wrist*
✓Pathological dislocation of shoulder region*
✓Pathological dislocation of the shoulder joint*
✓Recurrent dislocation of shoulder region*
✓Recurrent anterior dislocation of shoulder*
✓Recurrent subluxation of shoulder - anterior*
✓Recurrent dislocation of shoulder - inferior*
✓Recurrent subluxation of shoulder - inferior*
✓Recurrent dislocation of shoulder - multidirectional*
✓Recurrent subluxation of shoulder - multidirectional*
✓Recurrent dislocation of shoulder - posterior*
✓Recurrent subluxation of shoulder - posterior*
✓Recurrent subluxation of shoulder joint*
✓Habitual subluxation of the shoulder*
✓Recurrent subluxation of shoulder - anterior*
✓Recurrent subluxation of shoulder - inferior*
✓Recurrent subluxation of shoulder - multidirectional*
✓Recurrent subluxation of shoulder - posterior*
X Subluxation of joint of upper limb
X Fracture subluxation of joint of upper limb*
X Fracture subluxation of joint of hand*
X Fracture subluxation of wrist*
X Recurrent subluxation of metacarpophalangeal joint*
✓Subluxation of acromioclavicular joint*
✓Non-traumatic subluxation of acromioclavicular joint*
✓Subluxation of elbow joint*
✓Recurrent subluxation of elbow*
✓Recurrent subluxation of superior radioulnar joint*
✓Recurrent subluxation of radial head*
✓Subluxation of radial head*
✓Recurrent subluxation of radial head*
X Subluxation of finger*
X Recurrent subluxation of interphalangeal joint*
✓Subluxation of shoulder joint*
✓Recurrent subluxation of shoulder joint*
✓Habitual subluxation of the shoulder*
✓Recurrent subluxation of shoulder - anterior*
✓Recurrent subluxation of shoulder - inferior*
✓Recurrent subluxation of shoulder - multidirectional*
✓Recurrent subluxation of shoulder - posterior*
X Subluxation of wrist joint*
X Fracture subluxation of wrist*
X Recurrent subluxation of wrist*
X Fracture of upper limb
X Elbow fracture*
X Fracture of coronoid process of ulna*
X Fracture of olecranon*
X Fracture of radial head*
X Fracture at wrist and/or hand level

Shoulder stiff

Situations:

Procedures:
  - Arthroplasty of shoulder
  - Arthroplasty of shoulder
  - Arthroscopic acromioplasty
  - Cementoplasty of glenoid using computed tomography guidance
  - Cementoplasty of glenoid using fluoroscopic guidance
  - Open repair of glenoid labrum
  - Prosthetic arthroplasty of the shoulder
  - Prosthetic hemiarthroplasty of the shoulder
  - Arthroscopy of shoulder
  - Arthroscopic acromioplasty
  - Referral to orthopaedic service
  - Total shoulder replacement
  - Prosthetic cemented total shoulder replacement

Section 4 - Service Restriction

Restricted: No
Reason for Restriction: -
Restriction Comments: -

Authorised Services: -
Authorised Organisations: -
Authorised Referrers: -

Section 5 - Priorities Supported and Indicative Wait Time

Routine: 5 days
Urgent: 5 days

Section 6 - Contact Information

Service Contact Name: Sharon Bartlett & Laura Fields- Choose & Book Coordiators
Contact Address: FOXCOTE AVENUE
              BATH BUSINESS PARK
              PEASEDOWN ST. JOHN
              BATH
Section 7 - Service Personnel

Workgroups:
- NV302_Bookings Administrators
- NV302_Shoulder Surgeons

Allocated Clinicians:
- 

Section 8 - Commissioning

- 

Section 9 - Service Specific Booking Guidance

Conditions Treated:
1.) Shoulder instability
   - Recurrent traumatic instability
   - Joint anxiety
   - Instability of the scapular
2.) Shoulder tendon disorders, including:
   - Impingement syndrome
   - Rotator cuff tears
   - Patients requiring arthroscopic and open rotator cuff surgery
3.) Frozen shoulder
4.) Cognitive arthritis of the shoulder including:
   - Osteoarthritis
   - Rheumatoid and inflammatory arthritis
   - Rotator cuff tear arthropathy
5.) Disorders of the acromioclavicular joint including:
   - Traumatic disruptions of the acromioclavicular joint
   - Degenerative arthritis of the acromioclavicular

Procedures Performed:
- Arthroscopic surgery.
- Decompression/transposition.
- Injection into joint.
- Rotator cuff repair.
- Stabilisation of shoulder.
- Steroid injection.
- Sub-acromial decompression.

Exclusions:
General Exclusions:
1. Patients who are under 18 years of age
2. Patients with an incapacitating disease that is a constant threat to life
3. Patients who are grossly obese and have a BMI>40.
4. "2 Week Wait" patients to go through appropriate local NHS 2WW Pathway
5. Patients who have an unstable psychiatric disorder and are receiving psychiatric treatment.

Clinic Specific Exclusions:
NONE

Suggested Investigations:
- 

Administrative Requirements:
Please attach a referral letter within five days including:
- Current condition
- Current medication
- Relevant medical history
- Past surgical history
- BP
- BMI
- MRSA status (if known)
Existing Blood Borne Virus  
Existing Bleeding Disorder  
Alcohol or Drug Dependency  

Service Notes:
