Service Definition with all Clinical Terms

Service: Oculoplastics, Orbits and Lacrimal Clinic - Ophthalmology - Circle Bath - NV302

Section 1 - Service Details

Service ID: 5295176
Service Comments:
Created by GW 06/08/2010
Amended by PM 20/10/2010
Referrer Alert: -
Service Location: CIRCLE BATH
Specialty: Ophthalmology
Appointment Type: First outpatient
Gender Treated: Male and Female
Directly Bookable: Yes
Service Transition Date: -
Service Effective Date Range: 06/08/2010 to -
Age Range Treated: 18 years and over
Request Types Supported
   Appointment Request: Yes
   Advice Request: No
   Diagnostic Request: No
Publish: Yes
Available on Secondary Care Menu: Yes

Section 2 - Clinic Types

Oculoplastics/Orbits/Lacrimal

Section 3 - Clinical Terms

Terms that are in bold have one or more child terms that have a different included/excluded status from the parent term displayed. An asterisk indicates a term that is displayed more than once in this section.

Clinical Findings:

✓Benign neoplasm of eye
  X Benign neoplasm of conjunctiva*
  X Benign neoplasm of retina
  X Benign neoplasm of uveal tract
  X Benign neoplasm of choroid

✓Degenerative disorders of eyelids and periorcular area
  □Degenerative disorder of eyelid*
  □Hyperpigmentation of eyelid*

✓Disorder of ocular adnexa

✓Chronic disease of ocular adnexa
  X Chronic conjunctivitis*
  □Chronic dacryocystitis*

✓Congenital anomaly of ocular adnexa
  □Congenital anomaly of eyelid*
  □Ablepharon*
  □Ankyloblepharon*
  □Congenital ankyloblepharon*
  □Coloboma of eyelid*
  □Congenital entropion*
  □Congenital ptosis*
  □Eyelid vascular anomalies*
  □Hypoplasia of eyelid*
  X Congenital anomaly of lacrimal system*
  X Congenital abnormality of lacrimal drainage system*
  ✓Congenital nasolacrimal duct obstruction*

X Disorder of conjunctiva
X Conjunctival cyst
Conjunctival degeneration
Conjunctival xerosis
Xerophthalmia
Vitamin A deficiency with xerophthalmic corneal scars
Pinguecula
Pterygium
Double pterygium
Peripheral pterygium, stationary
Conjunctival degenerations and deposits
Conjunctival deposit
Conjunctival concretion
Conjunctival pigmentations
Conjunctival foreign body
Foreign body in conjunctival sac
Conjunctival haemorrhage
Subconjunctival haemorrhage
Conjunctival oedema
Chemosis of conjunctiva
Conjunctival scar
Conjunctival vascular disorders and cysts
 Conjunctivitis
Acute conjunctivitis
Blepharoconjunctivitis*
Chronic conjunctivitis*
Granulomatous conjunctivitis
Granuloma of conjunctiva
Immune-mediated conjunctivitis
Atopic conjunctivitis
Infected conjunctivitis
Bacterial conjunctivitis
Chlamydial conjunctivitis
Trachoma
Trachoma, active stage
Viral conjunctivitis
Herpes zoster conjunctivitis
Herpes zoster keratoconjunctivitis*
Keratoconjunctivitis
Herpes zoster keratoconjunctivitis*
Keratoconjunctivitis sicca
Keratoconjunctivitis sicca (excluding Sjögren syndrome)
Punctate keratitis
Rosacea conjunctivitis
Injury of conjunctiva*
Burn of conjunctival sac*
Acid chemical burn of conjunctival sac*
Alkaline chemical burn of conjunctival sac*
Burn of conjunctiva*
Acid chemical burn of conjunctival sac*
Alkaline chemical burn of conjunctival sac*
Neoplasm of conjunctiva*
Benign neoplasm of conjunctiva*
Malignant tumour of conjunctiva*
Primary malignant neoplasm of conjunctiva (primary)*
Pseudopterygium
Symblepharon*
Disorder of eyelid
Abscess of eyelid
Blepharitis
Acute blepharitis
Acute lacrimal canaliculitis*
Hordeolum
External hordeolum
Internal hordeolum
Blepharoconjunctivitis*
Cellulitis of eyelid
Dermatitis of eyelid*
Noninfectious dermatosis of eyelid*
Contact or allergic eyelid dermatitis*
Contact dermatitis of eyelid*
Lacrimal canaliculus inflamed*
Acute lacrimal canaliculitis*

</tbody>
</table>
Complete obstruction of lacrimal canaliculus
Congenital blocked tear duct
Stenosis of lacrimal canaliculi
Oedema of eyelid
Pseudoptosis
Retained foreign body of eyelid
Eyelash stuck in meibomian gland orifice
Stenosis of lacrimal punctum
Symblepharon
Tumour of eyelid
Benign tumour of eyelid
Benign neoplasm of canthus
Benign neoplasm of eyelid including canthus
Lipoma of eyelid
X Malignant tumour of eyelid
X Malignant neoplasm of skin of eyelid
X Malignant neoplasm of lower eyelid
X Malignant neoplasm of upper eyelid
Neoplasm of skin of eyelid
Malignant neoplasm of skin of eyelid
Malignant neoplasm of lower eyelid
Malignant neoplasm of upper eyelid
Primary malignant neoplasm of skin of eyelid
Ulcer of eyelid
Xanthoma of eyelid
Malignant neoplasm of skin of eyelid
Disorder of lacrimal system
Acute inflammation of lacrimal passages
Acute dacryocystitis
Acute lacrimal canalicularitis
Chronic inflammation of lacrimal passages
Congenital anomaly of lacrimal system
Congenital abnormality of lacrimal drainage system
Congenital nasolacrimal duct obstruction
Disorder of lacrimal gland
Atrophy of lacrimal gland
Dacryoadenitis
Acute dacryoadenitis
Sjögren’s syndrome
Lung disease with Sjögren’s disease
Dislocation of lacrimal gland
Neoplasm of lacrimal gland
Benign neoplasm of lacrimal gland
Malignant tumour of lacrimal gland
Primary malignant neoplasm of lacrimal gland
Disorder of nasolacrimal duct
Obstruction of nasolacrimal duct
Congenital nasolacrimal duct obstruction
Stenosis of nasolacrimal duct
Acquired stenosis of nasolacrimal duct
Epiphora
Epiphora due to excess lacrimation
Epiphora due to insufficient drainage
Eversion of lacrimal punctum
Foreign body in lacrimal punctum
Eyelash stuck in lacrimal punctum
Injury of lacrimal passage
Laceration of lacrimal passage
Eyelid and lacrimal drainage system laceration
Lacrimal canalculus inflamed
Acute lacrimal canalicularitis
Lacrimal mucocele
Neoplasm of lacrimal system
Neoplasm of lacrimal drainage system
Primary malignant neoplasm of lacrimal drainage structure
Primary malignant neoplasm of lacrimal drainage system
Neoplasm of lacrimal gland
Benign neoplasm of lacrimal gland
Obstruction of lacrimal canaliculus*
- Complete obstruction of lacrimal canaliculus*
- Congenital blocked tear duct*
- Stenosis of lacrimal canaliculus*
- Stenosis of lacrimal system
  - Stenosis and insufficiency of lacrimal passages*
  - Stenosis of lacrimal canaliculus*
  - Stenosis of lacrimal punctum*
  - Stenosis of nasolacrimal duct*
- Acquired stenosis of nasolacrimal duct*
- Tear drainage disorder
  - Stenosis and insufficiency of lacrimal passages*

Injury of ocular adnexa
- Burn of eye AND/OR adnexa
  - Burn of anterior eyeball segment
  - Burn of ocular adnexa
- Burn confined to eye and adnexa
  - Burn of conjunctival sac*
    - Acid chemical burn of conjunctival sac*
    - Acid chemical burn of cornea and conjunctival sac*
    - Alkaline chemical burn of cornea and conjunctival sac*
  - Burn of conjunctiva*
    - Acid chemical burn of conjunctival sac*
    - Acid chemical burn of cornea and conjunctival sac*
    - Alkaline chemical burn of cornea and conjunctival sac*
- Eyelid burn*
  - Chemical burn of eyelid region*
- Dislocation of lacrimal gland*
  - Injury of conjunctiva*
    - Burn of conjunctival sac*
      - Acid chemical burn of conjunctival sac*
      - Acid chemical burn of cornea and conjunctival sac*
      - Alkaline chemical burn of cornea and conjunctival sac*
    - Burn of conjunctiva*
      - Acid chemical burn of conjunctival sac*
      - Acid chemical burn of cornea and conjunctival sac*
      - Alkaline chemical burn of cornea and conjunctival sac*
  - Injury of eyeball*
    - Open wound of eyebrow*
  - Injury of lacrimal passage*
    - Laceration of lacrimal passage*
  - Injury to eyelid*
    - Eyelid burn*
      - Chemical burn of eyelid region*
    - Laceration of eyelid*
      - Eyelid and lacrimal drainage system laceration*
      - Full thickness eyelid laceration without lacrimal passage involvement*
      - Open wound of eyelid*
    - Wound of ocular adnexa
      - Laceration of eyelid*
        - Eyelid and lacrimal drainage system laceration*
        - Full thickness eyelid laceration without lacrimal passage involvement*
      - Laceration of lacrimal passage*
      - Eyelid and lacrimal drainage system laceration*
      - Open wound of eyebrow*
      - Open wound of eyelid*
      - Open wound of ocular adnexa
    - Neoplasm of ocular adnexa
      - Malignant melanoma of skin of eyebrow
      - Neoplasm of conjunctiva*
      - Benign neoplasm of conjunctiva*
      - Malignant tumour of conjunctiva*
      - Primary malignant neoplasm of conjunctiva (primary)*
    - Neoplasm of lacrimal system*
      - Neoplasm of lacrimal drainage system*
        - Malignant tumour of lacrimal drainage structure*
Neoplasm of lacrimal gland

- Benign neoplasm of lacrimal gland
- Malignant neoplasm of lacrimal gland
- Primary malignant neoplasm of lacrimal gland duct

Tumour of eyelid

- Benign tumour of eyelid
- Malignant tumour of eyelid
- Malignant neoplasm of eyelid including canthus

Primary malignant neoplasm of skin of eyelid

- Tenonitis

Disorder of orbit proper

- Anophthalmos
- Congenital anomaly of orbit
- Hypertelorism
- Deformity of orbit
- Atrophy of orbital structure
- Disorder of bony orbit
- Fracture of orbit
- Orbital periostitis

- Exophthalmos

- Constant exophthalmos
- Exophthalmos due to orbital haemorrhage
- Exophthalmos due to orbital oedema or congestion
- Exophthalmos due to thyroid eye disease
- Thyrotoxic exophthalmos

- Basedow's disease

- Inflammation of orbit
- Acute inflammation of orbit
- Chronic inflammation of orbit
- Orbital granuloma
- Orbital cellulitis
- Orbital myositis
- Orbital periostitis

- Injury of orbit
- Fracture of orbit
- Penetrating wound of orbit

- Mechanical complication of eye orbit prosthesis

- Myopathy of extracocular muscles
- Oculopharyngeal muscular dystrophy
- Ophthalmoplegic migraine

Neoplasm of orbit

- Benign neoplasm of orbit
- Malignant tumour of orbit
- Primary malignant neoplasm of orbit
- Orbital cyst
- Orbital foreign body
- Orbital haemorrhage
- Retrobulbar haemorrhage
- Tenonitis
- Thyroid eye disease

Facial palsy

- Bell's palsy
- Congenital facial nerve palsy
- Facial palsy as birth trauma

Laceration of eye region

- Laceration of eye
- Ocular laceration with intraocular prolapse
- Superficial laceration of cornea
Laceration of eyelid
- Eyelid and lacrimal drainage system laceration
  - Full thickness eyelid laceration
  - Full thickness eyelid laceration without lacrimal passage involvement
- Laceration of lacrimal passage
  - Eyelid and lacrimal drainage system laceration
  - Laceration of skin of eyelid AND periocular area

Lacrimal system finding
- Lacrimal drainage pathway finding
  - Obstruction of nasolacrimal duct
  - Congenital nasolacrimal duct obstruction
- Lacrimation and lacrimal drainage - finding
  - Finding of lacrimation
  - Excessive tear production
  - Watery eye
  - Has watering eyes
  - Watery eye
  - D/O - watering eyes

Lump in eyelid
- Cyst of eyelid
  - Chalazion
  - Moll's gland cyst
  - Sebaceous cyst of eyelid
- Tumour of eyelid
  - Benign tumour of eyelid
  - Benign neoplasm of canthus
  - Benign neoplasm of eyelid including canthus
- Lipoma of eyelid
- Malignant tumour of eyelid
  - Malignant neoplasm of canthus
  - Malignant neoplasm of lower eyelid
  - Malignant neoplasm of skin of eyelid
  - Primary malignant neoplasm of skin of eyelid
  - Malignant neoplasm of upper eyelid
- Neoplasm of skin of eyelid
  - Malignant neoplasm of skin of eyelid
  - Primary malignant neoplasm of skin of eyelid

Phthisis bulbi

Traumatic enucleation of eye

Avulsion of eye

Procedures:
- Blepharoplasty of lower eyelid
  - Bilateral blepharoplasty of lower eyelids
- Blepharoplasty of upper eyelid
  - Bilateral blepharoplasty of upper eyelids
- Benign neoplasm of canthus
- Repair of blepharoptosis
- Correction of deformity of eyelid
- Correction of trichiasis
- Repair of blepharoptosis
- Repair of ectropion
- Repair of entropion
- Curettage of lesion of eyelid
  - Incision and curettage of lesion of eyelid
- Excision of lesion of eyelid
- Excision of lesion of canthus

Section 4 - Service Restriction

Restricted: No
Reason for Restriction: -
Restriction Comments: -

Authorised Services: -
### Section 5 - Priorities Supported and Indicative Wait Time

### Section 6 - Contact Information

- **Service Contact Name:** Sharon Bartlett & Laura Fields - Choose & Book Coordinators
- **Contact Address:**
  - FOXCOTE AVENUE
  - BATH BUSINESS PARK
  - PEASEDOWN ST. JOHN
  - BATH
  - BA2 8SF
- **Contact Telephone Number:** 01761422325/01761422324
- **Fax Number:** 01761422223
- **E-mail Address:** sharon.bartlett@circlebath.co.uk

### Section 7 - Service Personnel

- **Workgroups:**
  - NV302_Bookings Administrators
  - NV302_Ophthalmic Surgeons
- **Allocated Clinicians:** -

### Section 8 - Commissioning

- -

### Section 9 - Service Specific Booking Guidance

#### Conditions Treated:
- Chalazions
- Entropin
- Eyelid lumps or benign or potentially malignant
- Ptosis
- Trichiasis
- Upper lid Blepharoplasty (for pts with vision affected)
- Watering eye

#### Procedures Performed:
- Enucleation of eyeball
- Eye lid examination
- Repair of canaliculus

#### Exclusions:
- **General Exclusions:**
  1. Patients who are under 18 years of age
  2. Patients with an incapacitating disease that is a constant threat to life
  3. Patients who are grossly obese and have a BMI>40.
  4. "2 Week Wait" patients to go through appropriate local NHS 2WW Pathway
  5. Patients who have an unstable psychiatric disorder and are receiving psychiatric treatment.

- **Clinic Specific Exclusions:**
  - NONE

#### Suggested Investigations:

- -

#### Administrative Requirements:

Please attach a referral letter within five days including:
- Current condition
Current medication
Relevant medical history
Past surgical history
BP
BMI
MRSA status (if known)
Existing Blood Borne Virus
Existing Bleeding Disorder
Alcohol or Drug Dependency

Alternative Services:
-

Section 10 - Instructions
Thank you for choosing Circle Bath. We look forward to welcoming you to our metabolic bone program.
You will shortly receive a letter confirming your appointment.
If you have any questions or queries please do not hesitate to contact us.

By Post:
Circle Bath
Foxcote Avenue
Peasedown St John
Bath
BA2 8SQ

By Telephone:
01761 422325 or 01761 422324

Section 11 - Slot Management
Polling Range from current date: 45
Approximate Polling Range: 03:00 AM
Polling Frequency: Every 1 day, daily on M,T, W, Th, F, Sa,S
Slot Reservation Period: 0
Provider System Organisation: CIRCLE BATH (NV302)
Provider System: 708068931045

Section 12 - Referral Correspondence
Referral Letter Required: Yes
Freeze Time: 0 day
Slot Protection
Routine: 7 days
Urgent: 3 days
2 Week Wait: 1 day
